

DURASUPREME PRECISION PAINTED DOORS

Beautiful, painted finishes
are in **HIGH-DEMAND**.
Now the **QUALITY** is even better!

Advantages of Our Painted Finishes:

- 1. BEAUTIFUL PAINTED FINISH:**
Dura Supreme's new state-of-the-art, flat-line finish system ensures a top-quality painted finish, ultra-smooth and with superb coverage.
- 2. BEAUTIFUL PAINTED DOORS:**
Dura Supreme's *Paintable* door styles are now crafted with Premium HDF (High-Density Fiberboard) for the ultimate in smooth surfaces, crisp details, and stable/durable material.

Benefits of HDF:

- Ultra-smooth
- Ultra-dense and hard
- Ultra-crisp machining for precise door details
- Ultra-durable
- Ultra-stable; Minimal expansion and contraction which means minimal joint movement due to normal humidity fluctuations.

MAPLE VS. HDF

MAPLE

Maple expands and contracts with seasonal humidity changes. —●

HDF

Ultra-smooth.
Ultra-stable. —●

ALL mortise and tenon door styles selected with "Paintable" species are crafted of HDF.

**Mitered doors are still crafted with Maple stiles and rails with an HDF center panel.*

Flat Panel - Finished

Cutting-edge Material

As technology advances, HDF material has advanced with even more benefits for painted finishes. Premium-Grade HDF (High-Density Fiberboard) is a high-quality, engineered wood product, designed for painted finishes with ultra-smooth, ultra-dense material that machines with crisp, precise detail and is ultra-stable, with minimal expansion and contraction.

.....
Premium-grade HDF is an IDEAL material to craft HIGH-QUALITY, SMOOTH and DURABLE cabinetry doors.
.....

True, 5-piece construction doors (2 stiles, 2 rails and a center panel) with precision craftsmanship for crisp, sharp details (not a one-piece routed door style).

SPECIAL REQUEST: If a Maple frame + HDF panel is requested for any mortise & tenon door, request a quote.
